

Bean Truck Staging & Unload

410 C Ave NE, Cedar Rapids

All trucks will enter the Probe lot from C Ave NE. Trucks will circle around the lot and pull up to the probe (yellow lines). After probing, the graders will let the driver know: a) proceed to the dump, b) stage in the lot, c) go to dump at Cedar West, or d) stage in the Overflow Lot off 4th St NE.

When you proceed to the Cedar East dump (orange lines), trucks will turn onto 5th St NE and then pull into the dump. After unloading, pull forward, then go back to the Dump Office to get your ticket. Bean trucks will exit the facility using 6th St NE.

If your truck is directed to unload at Cedar West (1110 12th Ave, Cedar Rapids):

Enter the plant from 12th Ave. Drive straight in toward the back of the site (following the yellow lines). Follow the drive around the side of the facility. Turn right and come around to enter the dump.

After unloads, pull forward, then go back to the Dump Office to get your ticket. Trucks exit the site through the same gate used upon entry (orange lines).

Directions from Cedar East to Cedar West

From Cedar Rapids East, follow C Ave to 4th St. NE. Turn right onto 1st Ave NE to left on L St. SW. Next turn right onto 5th Ave SW. Then left on 10th St SW.
